

## **myFC to Exhibit at Innovation & Technology 2007**

**The joint myFC-Alvatec mobile phone charger prototype, revealed at the Hannover Fair earlier this month, will be showcased at myFC's exhibition area during the event. Come down and visit myFC at this year's exhibition, held in Kista, Stockholm, on the 25<sup>th</sup> April.**

*"The achievement of showcasing a mobile phone charger prototype is a major milestone for myFC,"* says Fredrik Lindberg, CEO.

The organizers of Innovation & Technology are the Royal Institute of Technology, Stockholm Innovation & Growth and Ny Teknik. The event is arranged with and for entrepreneurs. The program includes keynote speakers, cutting edge technology showcases, exhibition and interactive workshops lead by entrepreneurs.
